

## RING-BINDER ASSEMBLING LINES

Manual machine with changeable wheelbase to apply nr. 01 ring mechanism by nr. 02 rivets.  
Manual board and ring metal feeding  
Start cycle via micro-switch

## Technical features

**Applying wheelbase:**  
min. 70mm – max. 440mm

**Used materials:**  
auto-perforating rivets ref. "3/7"

**Board thickness:** 1 to 2,5mm

**Capacity:** approx. 12 cycles/min.

**Tension:**  
220 V – single phase (pneumatic version)  
380 V – three-phase (motorized version)

**Weight:** 285 Kg

**Overall dimensions:**  
L= 1350mm; W= 700mm; H= 1500mm;
