

LINES FOR ELASTIC FOLDERS AND SMALL CASE WITH SNAP FASTENERS

Automatic equipment for the production of round elastics closed in ring-shape.

Technical features

Materials:

- round elastic \varnothing 2,5mm;
- small metal plate

Circumference:

- min. 140mm = \varnothing 45mm;
- max 1000mm = \varnothing 318mm

Speed capacity: 10-12 pieces/min.
(depending on the length of the elastic)

Electric power required: 1,5kW

Air requirement: 10 NI/cycle (7 bar)

Overall dimensions:
1350mm x 1800mm x (h) 1900mm

Total weight: 350Kg
