

# PLS-EVO 70/120-M

## SEMI-AUTOMATIC GLUING MACHINE

**Semi-automatic gluing machine** equipped with automatic high-pile paper feeder and gluing unit, paper sheet searching & centering device and rolling press calender.

## Technical features

### Materials:

paper, laminated paper, paper-based polypropylene, cardboard, thinboard, animal glue and vinyl glue.

### Cardboard:

- min. 130 x 130 mm
- max 1200 x 700 mm
- thickness max 4 mm

**Thinboard:** thickness max 1 mm

### Paper:

- min. 130 x 130 mm
- max 1240 x 740 mm
- thickness min. 90 gsm

### Mechanical speed:

up to 800 cycles/hour
